# Welcome to T.S. Home Studio

We're Heather and Chad Dupey — the husband-and-wife team behind T.S. Home Studio. Since 2016, we've been hand-pouring soy candles and crafting clean, modern home fragrance products designed for everyday living.

What started as a mission to create safe, natural candles for our family has grown into a trusted brand rooted in simplicity, wellness, and intentional design.

Our products are made in Minnesota with 100% natural soy wax, crackling wood wicks, and high-quality, phthalate-free fragrances — safe for homes, families, and pets.
