Pricing is for exact design/garment. Pricing may vary if changes are made.

About Us

Ocean Beach Company was founded in 2013 and is based in the San Francisco Bay Area. We specialize in designing and manufacturing apparel and accessories for retailers.

We make a wide range of wearable products for men, women, and kids. From the "world's softest" vintage wash hoodie, to crazy socks sure to put a smile on your face, we will have you covered from head to toe.

Obie the dog (pictured) is the undisputed "face of the franchise." Here he is in 2016 product testing some of our socks to ensure they fit just right.

Ocean Beach, Sock Harbor, & Bigfoot products can be found in stores across the country and internationally.

Giving Back

Every year we donate a portion of sales from our Bigfoot Sock collection to the National Park Foundation. We encourage you to take a hike in your favorite National Park in a pair of our socks and know that you have made a contribution to help maintain open space for everyone to enjoy.

We also understand the clothing industry can be wasteful and, if done carelessly, cause harm to the environment. We do our best to use efficient processes, limit unnecessary packaging, and recycle whatever we can to reduce our carbon footprint.

About This Catalog

We offer a TON of products and colors and we add new items constantly. So, instead of wasting copious amounts of paper, we decided to highlight some of our best selling collections. If something catches your eye (how could it not?!) please reach out to us or your local sales representative and we will make sure you get the full presentation.

Most items can also be viewed on our website at www.oceanbeachco.com; where online wholesale ordering is also available for non-custom products.

All blank apparel items can be customized with your location or brand. Contact your local rep to find out more about the namedrop / icon decoration programs we offer.
