About Us

Ocean Beach Company was founded in 2013 and is based in the San Francisco Bay Area. We specialize in designing and manufacturing apparel and accessories for retailers.

We make a wide range of wearable products for men, women, and kids. From the "world's softest" vintage wash hoodie, to crazy socks sure to put a smile on your face, we will have you covered from head to toe.

Obie the dog (pictured) is the undisputed "face of the franchise." Here he is in 2016 product testing some of our socks to ensure they fit just right.

Ocean Beach, Sock Harbor, & Bigfoot products can be found in stores across the country and internationally.

Giving Back

Every year we donate a portion of sales from our Bigfoot Sock collection to the National Park Foundation. We encourage you to take a hike in your favorite National Park in a pair of our socks and know that you have made a contribution to help maintain open space for everyone to enjoy.

We also understand the clothing industry can be wasteful and, if done carelessly, cause harm to the environment. We do our best to use efficient processes, limit unnecessary packaging, and recycle whatever we can to reduce our carbon footprint.

About This Catalog

We have such an extensive assortment of socks that one brand just wasn't enough! With Bigfoot & Sock Harbor, you can find **over 600 styles** to choose from; making it nearly impossible to not find something perfect for your feet.

And in case you were wondering, ALL of our socks are designed the same way: a blend of maximum comfort mixed with optimal style (and a pinch of humor from time to time). So take a look, crack a smile, and dive into our world of socks!

Most items can also be viewed on our website at www.oceanbeachco.com; where online wholesale ordering is also available for non-custom products.
