Jennifer is known for her world renowned Signature Chefs and each year her collector base grows. Her figurative paintings capture the essence of whimsical charm and humor. "I guess the best thing for me to hear when someone looks at my work is that it makes them smile, whether the characters are thin or larger than life they exude humor, charisma, and charm". Jennifer muses, "I would like to think that my artwork comes from the spirit of good food, good wine, good music, good laughter, dancing and a good life. I love what I do and I hope that it shows". Many of the faces in Jennifer's art are actually inspired by people she knows and facebook fans of her artwork.
